GROWERS OF FINE AND UNUSUAL
HARDY PLANTS

LILIES, ROSES, VINES AND ANNUALS

Norwalk Perennial Garden

A NEIGHBORHOOD NURSERY

COME AND SELECT THE PLANTS YOURSELF

LOCATED ON THE DANBURY ROAD IN NORWALK
ONE MILE NORTH OF THE MERRITT PARKWAY

OPEN SUNDAYS

TELEPHONE NORWALK 477

We take pride in presenting to you our new Spring Catalogue. You will find in it one of the most complete assortments of worth-while hardy plants in existence. Ours is not a large Nursery, and our aim in issuing this list is not to encourage a mail order business (although we are well equipped to take care of any orders you may wish to entrust to us), but rather to show our neighbors just what we grow and where we are located. Please pay us a visit. You will enjoy actually seeing things grow, and avoid the disappointment you often get when you order from a fancy catalogue with expensive color prints. This list does not cover everything we grow, but only such stock as we have a fair supply to offer. Inquiries are invited regarding other kinds not listed. We will be glad to help you select the best varieties for your purpose, and advise you on your other garden problems.

**A FEW OF THE MANY NOVELTIES
AND UNUSUAL HARDY PLANTS FEATURED
IN THIS CATALOGUE**

FOR DESCRIPTION SEE THE GENERAL LIST

FREEDOM. Large bright rose-pink flowers, comparative dwarf, but amazingly profuse. 18 in. June-Sept. 60c each

JUBILEE. A great improvement on Edge Hall, the flowers being half as large again and the color a glistening rose-pink, and more freely produced. 18 in. June-July. 60c each

OAKINGTON JEWEL. Deep coral red, tinged copper, on strong stems, extremely free-flowering with robust growth and distinct bronzed foliage; very choice and beautiful. 60c each

SNOWFLAKE. The best white variety yet seen. Large flowers freely produced; very tall. 60c each

All the above varieties are propagated from imported stock

FLUI DE FEU. Lovely bright-scarlet variety.

Rosamundi. A splendid coral-pink. A good grower and fine for cutting.

Perry's White. A good white variety.

SATURNALE. The darkest red of them all; very choice and scarce. 35c each

HISBISCUS. Giant flowered Marsh Mallow.

Huge flowers resembling single Hollyhocks; succeeds anywhere. 4-5 ft. July-August.

Hollyhock, double. Separate colors, white, rose, red, maroon and yellow.

*Houstonia coerula, Bluets. A native American plant. The clear blue flowers are born on 4-in. stems throughout the season.

Hypericum, Repens. A splendid creeping variety, making very compact mats, and covered with large yellow flowers in June; very hardy.

IBERIS, CANDYTUFT

*Sempervirens. A dwarf evergreen shrub, 6 in. high, covered with white flowers in May and June.

*Little Gem. A dwarf and very compact form of the above; choice.

*Snowflake. A splendid new Iberis, with very large pure white flowers. We offer the true stock propagated from cuttings. 35c each, 3 for \$1.00

*Tenoreanum. Very lovely lavender flowers from May to June. 8 in. high.

*INULA ENSIFOLIA. Golden-yellow daisy-like flowers, on 6-in. stems, blooming freely from late June to August.

IRIS SPECIES

*Iris arenarius, Sand Iris. A rare and choice variety, only 3 in. tall, with large bright yellow flowers in spring.

*Cristata. A native creeping variety with blue flowers. 4 in. May-June.

***CHRISTATA ALBA.** A very rare form of the above, with pure white flowers; shade or sun. 50c each, 3 for \$1.25

*Gracilipes: Like a miniature Japanese Iris, with dainty blue flowers and an orange crest; rich soil and light shade. 50c each

Japanese Iris, four colors.

Siberian Iris, white and blue.

German Iris, ten named varieties.

Lavender, the true old-fashioned variety. Aromatic foliage and fragrant blue flowers. 12 in. July and August.

*Leontopodium Alpina, Edelweiss. Silvery foliage, woolly light yellow flowers. 5 in. high. From June to August.

Liatris Pycnostachya, Kansas Gayfeather. Giant 5-ft. spikes of rosy-purple flowers, opening from the top down. July and August.

Scariosa, a good clear, late-flowering purple. 4-5 ft.

Scariosa Alba, a pure white variety of the above. 75c each

Linum, Flax

Flavum, a fine variety, producing beautiful yellow flowers on 12-in. stems, from June to August.

Perenne, the well known blue flax. Sky-blue flowers on slender stems, over a long period. 18 in.

Lobelia, Cardinalis. The red Cardinal flower. Tall spikes of brilliant scarlet flowers in August.

*Lotus Corniculatus, forms a green mat with yellow double flowers in summer. Good for ground-cover on a sunny dry place.

Lupinus Polyphyllus, pink and blue mixed.

Russel Strain, beautiful pastel shades, long spikes. 75c each

Lychnis, Viscaria Fl. Pl. Brilliant red, an attractive double variety.

Lythrum Roseum, Loosestrife. Tall spikes of rosy-purple flowers in July and August. 5 ft.

*Mazus Rogosa. A wonderful ground cover in light shade; also good for the rock garden or between flagstones. Lilac flower in June and July.

Martensia Virginica, Virginia Blue Bells. Brilliant blue flowers in early spring; prefer a light shade. Pot plants at 35c and 50c each

Monarda, Beebalm

Cambridge Scarlet. Aromatic foliage, brilliant scarlet flowers on 3-ft. stems, in July and August.

Salmon Queen. Beautiful salmon-pink form of the above.

**Nepeta Mussini*. A dwarf compact plant, with aromatic silvery foliage and a profusion of blue flowers all summer.

Oenothera, Evening Primrose

**Missouriensis*, a low trailing plant with large yellow flowers all summer.

Fraserii, large yellow flowers on 15 to 18-in. stems in June and July.

Omphalodes Verna. Forgetmenot-like blue flowers in early spring, on 6-in. stems, very choice; should be given a light shade. 35c each

Pachysandra Terminalis. The ideal ground cover for shady places.
\$1.25 per doz., \$11.00 per 100

PAPAVER—POPPY

**Nudicauli*, Iceland Poppy.

THE WONDER. Flowers as big as teacups in many colors. This is the most beautiful of the giant Iceland Poppies—Double Iceland Mixed. A wonderful strain with double flowers on long strong stems; many colors.

Papaver Orientalis. For brilliant coloring, nothing equals the Oriental Poppy during their time of flowering, May to July. They should be planted out of pots in spring or while dormant. August to Oct.

FAIRY. A lovely delicate Poppy, not very large, with pure pale pink blooms of medium size. 35c each, 3 for 90c

LULU A. NEELY, most popular variety, with large ox-blood-red flowers on erect, stiff stems. 35c each, 3 for 90c

MAHONY. A very unusual color, mahogany-purple. Very large flowers and one of the darkest of the poppies. 50c each

Mandarin. Fine salmon orange and large flowers. 50c each

MRS. PERRY. Orange-pink, a fine variety and the best known of the pink poppies.

OLYMPIA. Beautiful double flowers of a brilliant rich flame-scarlet overlaid with glistening salmon orange. 35c each, 3 for 90c

PERRY'S WHITE. The flowers are a fine satiny white with a maroon blotch at the base of each petal. 50c each

PINK BEAUTY. A beautiful rose-pink; a very free bloomer. 50c each

WUNDERKIND. Very large flowers of brilliant carmine-pink on strong 3-ft. stems; very choice. 75c each, 3 for \$2.00

WURTENBERGIA. The largest of the scarlets; very striking. 35c each

PENSTEMON

Barbatus (*Chelone barbatus*). Slender 2-ft. spikes with coral-red flowers from June to August. Wonderful for cutting.

PINK BEAUTY. A lovely shell-pink form of the above. One of the really good and outstanding new plants.

PHLOX—*VARIOUS SPECIES

Subulata Mountain Pink

**Alba*. Forms mats of attractive green foliage and pure white flowers in spring. Good for the rock garden.

*Apple-Blossom, form of the above, with soft apple-blossom pink flowers.

- **Atropurpurea*. Very showy brilliant red.
- *Blue Hill. The finest of the lavender blues.
- ***CAMLAENSIS**. The best in this section. The very large flowers are of a glistening salmon-pink; blooms again in fall. 50c each, 3 for \$1.25
- *June Jane. White flowers tinted pink and with faint pink eye.
- *Moerheimi. Compact grower and beautiful carmine-pink flowers.
- *Ronsdorf Beauty. One of the finest; good grower, with large salmon-pink flowers. Stock limited. 50c each, 3 for \$1.25
- *Rosea. The common Moss Pink.
- ***SAMSON**. A strong grower, with very large, deep glistening rose-pink flowers; very choice. 50c each, 3 for \$1.25
- *Vivid. A compact, slow grower with fiery red colored flowers.

OTHER PHLOX SPECIES

- **Amoena*. Dwarf evergreen tuft, covered in spring with a maze of bright pink flowers.
- **Divaricata*, Blue Canadian Phlox. Heads of blue fragrant flowers on 15-in. stems, in June.
- **Divaricata* Laphami, an Hybrid. With larger lavender-blue flowers. It blooms longer than the above.

PHLOX DECUSATA. The tall garden Phlox.

Antonin Mercier. Beautiful pale lavender; very choice.

Beacon. Tall and a brilliant cherry-red.

Caroline Vandenberg. A fine variety, with large flowers of an exquisite shade of dark lavender. Good grower.

Count Zeppelin. Large pure white flowers, with distinct vermilion-red eye.

COLORADO. An outstanding novelty and very scarce yet. Scarlet-red with pale crimson eye and faint halo. Color exceptionally clear; strong stems of medium height. 50c each, \$5.00 dozen

DAILY SKETCH. One of the finest Phlox yet introduced. Flowers up to 2½ in. across, of a clear bright pink with carmine eye, in large trusses. Strong grower and tall. 35c each, \$3.50 dozen

EMAIN MACHA. Novelty. Glowing coral-red, very large flowers, medium height; a very popular variety. , 35c each, \$3.50 dozen

Geo. Stipp. Glowing salmon-pink flowers which do not fade.

KAPTAIN KOHL. Immense clusters of strong magenta-red flowers.

JULES SANDAU. Very large flowers of a beautiful watermelon- pink; rather dwarf; choice.

Leo Schlagater. Still one of the most popular Phlox in our gardens. Large trusses of scarlet-carmine flowers; tall.

Lillian. A soft salmon-pink; very choice. 35c each; \$3.50 dozen

MIA RUYS. The best of the dwarf whites, large trusses of pure white flowers; attractive green foliage. 35c each, \$3.50 dozen

MISS LINGARD (Suffruticosa type). Large panicles of white flowers with faint shadings in center. Blooms in early May and again in the fall. The best for cutting.

Mrs. Ethel Prichard. Large panicles of lavender or mauve flowers.

Mrs. Van Beuningen. Large rich salmon-red flowers without eye. A very free and persistent bloomer.

Painted Lady. Silvery-pink with salmon shadings and cherry-red eye; tall.

P. D. Williams. Very large appleblossom-pink flowers; good grower.

Rokoko. Large individual flowers of lilac-pink self in globular heads.

ROSENKAVALEREN. Very large trusses of rose-red; very choice.

Saladin. The most vivid colored fiery-red of all Phloxes.

SILVERTON. Clear lavender, the nearest approach to blue; of medium height and a strong grower. Individual flowers, exceeding 2 in. This is a very important American novelty and still very scarce.

50c each, \$5.00 dozen

SNOWCAP. Another American introduction. Clear white flowers, effectively arranged as to form a broad pyramidal panicle. Outstanding for the size and excellent form.

50c each, \$5.00 dozen

SALMON GLOW. Lovely flame-pink with salmon shadings, softened with lilac and white in center, the effect as a whole being a rich salmon. Extremely free-flowering and a strong grower, improving with age. A fine new Phlox.

Van Lassburg. A splendid mid-season tall white variety, free flowering.

TIGRESS. An outstanding new Phlox, with huge trusses of orange scarlet flowers in pyramids built up by long-branched laterals, giving an unusually long period of bloom; tall.

35c each, \$3.50 dozen

Physostegia—False Dragonhead.

Virginica Alba. A pure white variety.

Virginica Vivid. Dwarf, with large deep pink flowers, in September.

Platycodon—Chinese Bellflower.

Grandiflora. Large, showy, deep blue flowers on 2-ft. stems, produced freely during the summer months.

*Plumbago Lapentea—Leadwort. Desirable as a border or rock plant. It is of dwarf, spreading habit, growing 6 to 8 in. high, covered with deep blue flowers in fall.

Polemonium—Jacob's Ladder.

Richardsoni, 18 to 24 in. high, with beautiful blue flowers, in June and July. Good for the border.

CARNEUM. Novelty, with delicate flesh-pink flowers and fern-like foliage. 10 to 15 in. high, from June to September.

50c each

*Reptans. Dwarf bushy plant with showy blue flowers, in spring.

Potentilla—Cinquefoil.

*Calabra—Ornamental silvery foliage and golden flowers in spring.

***VERNA NANA.** Low and very compact, covered with lovely yellow flowers in May and June; very desirable.

PRIMULA—PRIMROSE

*Auricula. A treasure of the rock garden. Rosettes of thick leaves and stems 6-8 in. high bearing heads of blooms of various colors. Exceedingly fragrant.

CASHMERIANA. Large globular heads, of lavender blue, on 12 to 15-in. stems. 35c each, \$3.50 dozen

Japonica. Large leaves and pretty crimson flowers coming in whorls on 18 to 24-in. stems.

JAPONICA MOERHEIM HYBRIDS. A new and very beautiful strain of the above, in lovely pastel shades, yellow, orange, pink and reds; very unusual and choice. 50c each, \$1.25 for 3

Leucophylla. Golden yellow flowers on 6-in. stems, in spring.

Veris Hybrids. Various shades of red, orange, buff and yellows.

Wanda. A choice Primrose with stemless flowers of deep bluish-purple.

PYRETHRUM—Painted Daisy.

Roseum. Single mixed, a very fine strain.

FLORENCE SHADLEY. This new variety is fully double and the color is a beautiful silvery-pink. The flowers are borne on long stiff stems in great profusion, which makes it a valuable cut flower. 50c each, \$5.00 dozen

*ROSA ROULETTI. The tiny Alpine Rose. Beautiful pink flowers all summer.

*ROSA OAKINGTON RUBY. A deep red form of the above; choice. 75c each

RUDBECKIA—*CONE FLOWER

Newmanni. Black-eyed Susan. Deep orange-yellow flowers. 3 ft. All summer.

Purpurea. Giant purple coneflowers, very large brown cone-shaped center. Blooms from July to October.

SALVIA AZUREA PITCHERI. Beautiful sky-blue flowers on 5 to 6-ft. stems. In great profusion during August and September.

*SANTOLINA INCANA. Lavender Cotton.

Silvery evergreen foliage, dwarf and compact.

*SAPONARIA, SOAPWORT.

Oxymoides. Pretty, prostrate, border and rockery plant. Flowers rosy-pink, in May and June.

SCABIOSA

Caucasica Isaac House Hybrids. Good border plants, with large perfectly formed flowers in various blue shades on 18-in. stems, all summer. Excellent for cutting.

Fisheri. A fine new border plant, about 20 in. high. The flowers are of a rich violet-blue shade on stiff stems.

Scutellaria—Skullcap. Baicalensis coelestina. One foot high bushes, covered with clear blue snapdragon-like flowers during July and August.

Senecio Pulcher. A choice and unusual new, late blooming perennial with large dark green leaves and beautiful gerbera-like flowers of an exquisite shade of amaranth-purple, on 18-in. stems. 35c each

Sedums—Stonecrop. Many varieties for the rockgarden.

Sempervivum—House Leek. Many varieties.

Sidalcea—Greek Mallow. Rosy Gem. Pink flowers on 2 to 3-ft. erect stems, in July and June. The plants resemble a miniature Hollyhock. Good for the border.

Stokesia—Cornflower Aster.

Cyanea coerulea. Large aster-like flowers of a pleasing lavender shade, 18-in. in late summer. Wonderful for cutting.

LAEVIS LILACINA GRADIFLORA. A new giant flowering Stokes-Aster. 50c each

Teuchrium—Germander. *Charmaedrys, glossy green foliage resembling dwarf boxwood. Can be trimmed to any height. Rose-pink flowers during late summer.

Thalictrum—Meadow Rue. Aquilegifolium, rosy-pink flowers, and attractive foliage, resembling Columbines. June to July, on 2 to 3-ft. spikes.

Thermopsis—Yellow Lupin. Carolinianum. Lupin-like plant, with yellow pea-like flowers blooming freely in June. Height 3 ft.

Thymus—Thyme.

*Lanuginosus (Wooly thyme). Creeping, with pink flowers.

*Serphyllum album, forms dense mats of dark green and a cloud of white flowers.

*Serphyllum coccinium. Crimson flowered form of the above.

*Citriodorus. The well known Lemon Thyme.

TROLLIUS—Yellow Globe Flower

Earliest of All. Early and free-flowering. Light orange-yellow.

SALAMANDER. Large open flowers of a deep yellow, on 24-in. stems.

Gold Quelle. Tall with rich golden flowers. One of the latest to bloom.

IMPERATOR. Lemon-yellow, flowers on medium high stems; very profuse. This variety will bloom again in the fall.

Meteor. Beautiful large flowers of a deep orange color, very choice.

Ledebouri Golden Queen. A handsome variety with large open flowers of beautiful golden yellow. This variety blooms 3 weeks later than the above. Height, 3 ft.

*Tunica Saxifraga. Has small pink flowers. Nice for the border or rock garden. Blooms profusely all summer.

TRITOMA, Red Hot Poker.

Pfritzeri. The true late summer blooming variety, with rich orange-scarlet flowers. Very showy and fine for cutting.

MT. ETNA. A new, very distinct, free-flowering variety, producing enormous spikes of rich red flowers, from July to frost. 50c each

TOWER OF GOLD. A beautiful golden yellow form of the above. 50c each

Verbena, Hardy, Canadian.

BRILLIANT. A new fiery- scarlet blooming variety, producing a mass of colors all summer long. Best planted in a dry sunny location.
35c each, \$3.50 dozen

VERONICA—Speedwell

***Ametystina.** Intensely blue flowers on long racemes. Dwarf tufted plant, 12 in. high, June and July.

***ARMENA.** A lovely and very distinct new little Veronica; attractive finely cut foliage and blue flowers. One of the very first to bloom in the spring.

BLUE SPIRE. New. An outstanding variety. Grows to a height of about 2 ft. with lovely blue spikes and dark green foliage. 35c each, \$3.50 dozen

***CRATER LAKE BLUE.** An outstanding novelty. Dark green foliage and slender spikes of Crater Lake Blue flowers, from June to October. 15 in. high. 35c each, \$3.50 dozen

***Incana.** A compact, low-growing plant with silvery foliage and 8 to 10-in. spikes of violet blue flowers, from June to August. A very pretty combination.

***INCANA ROOSEA.** Novelty. Same as above, with lovely pink flowers. 50c each, \$5.00 dozen

LONGIFOLIA SUBSESSILIS. Pretty foliage and spikes of beautiful blue flowers. 18 in. high, from June to October. Good for cutting.

***Rupestris Heavenly Blue.** Creeping habit with deep blue flowers, in spring.

***RUPESTRIS nana.** Very low and compact form of the above; very choice.

Spicata. Blue flowers on 2 to 3-ft. long spikes, blooming freely almost the entire summer. Good for cutting and the border.

***Spicata nana.** A very dwarf form of the above, 4 to 6 in.

Spicata Rosea. Pink form, blooming all summer. 15 in. high.

SPICATA RUBRA. A fine new Veronica, with dark pink. Very showy flowers, growing 18 in. high and blooming in June and July. 35c each

Vinca Minor, Myrtle. Field-grown, good ground cover for the shady place. \$1.50 dozen, \$10.00 per 100

VIOLA CORNUTA—Tufted Pansies.

***JERSEY GEM.** We offer the true stock of this popular Viola carnuta. It is the hardiest of them all. Pure rich violet and in bloom almost the entire summer.

***White Jersey Gem.** A pure white form of the above. 35c each, 3 for \$1

***JERSEY JEWEL.** Larger flowers of a rich violet-blue, has this improved form of Jersey Gem. We consider it very choice.

***PURPLE GLORY.** The attractive large rich purple flowers are produced freely from spring to fall; one of the best. 35c each, 3 for \$1
